Mr. Goldgraber,

On October 16, 2015, the Division issued MC-2015-42-06 which among other things required reclamation of the areas that were disturbed outside of the bonded area by December 15, 2015 and post additional bond of \$17,700.00

If the bond is not posted by January 21, 2016 the Division will issue a cessation order to haul all mining operations until the bond is posted.

If you have any questions either email me or call me at [801 538-5263](tel:8015385263) or Paul Baker at [801 538-5261](tel:8015385261).

Wayne Western
